Luigi Bormioli ITALY

Parma, Italy, halfway between Bologna and Milan, has a glorious history that traces back to the Etruscans.

Perhaps best known for its splendid architecture and its foods (especially the incomparable parmigiano reggiano cheeses and its prosciutto di Parma), the region is also a center of art and music, higher learning, and glassmaking, foremost the world's leading glassware manufacturer, Luigi Bormioli.

The company was founded in 1946 by Mr. Luigi Bormioli, who led it to international prominence. The Bormioli family continues his mission: a commitment to great design, traditional Italian craftsmanship and new-age glassmaking technology to create beautiful glassware of the highest quality.

Luigi Bormioli rivals fine crystal in appearance and elegance, but is lead-free, affordably priced and widely available.

SON.hyx
HIGH TECH CRYSTAL GLASS

The background image shows a collection of Atelier wine glasses and a decanter arranged on a white, reflective table. The glasses are filled with various wines, including white, red, and sparkling. A large, ornate crystal chandelier hangs from a wooden ceiling in the background. The scene is set in a rustic, industrial-style space with exposed wooden beams and a large window on the left.

ATELIER

With a very contemporary design, the shape of this Atelier glass has been designed to emphasise the subtleties and nuances of different wine styles. High-tech SON.hyx crystal glass produces incredible clarity and almost 100% true wine colours, strength and the ability to withstand up to 4000 cycles in a dishwasher.
