Better. Guaranteed.

FACKELMANN®
HOUSEWARES

*OXO began with a few simple questions:
Why do ordinary kitchen tools hurt your hands?
Why can't there be wonderfully comfortable
tools that are easy to use?*

The man who asked these questions was Sam Farber, an entrepreneur in the housewares industry. Noticing that his wife Betsey was having difficulty gripping ordinary kitchen tools due to a slight case of arthritis in her hands, he saw an opportunity to create more comfortable cooking tools that would benefit all users.

After hundreds of models, dozens of design iterations, and extensive research, OXO was born. In 1990, the first group of 15 OXO Good Grips kitchen tools was introduced to the U.S. market. These ergonomically-designed, transgenerational tools set a new standard for the industry and raised the bar of consumer expectation for comfort and performance.

Today, OXO offers over 850 products covering many areas of the home. Each was developed based on the concept of Universal Design (also known as Inclusive Design), a philosophy of making products that are usable by as many people as possible. The concept of Universal Design makes room for all users by taking as many needs as possible into consideration in the design process. For OXO, it means designing products for young and old, male and female, left- and right-handed and many with special needs. Today, OXO is recognized globally by many prestigious institutions, including Harvard Business School and the Royal College of Arts, as an example of how a well-executed Universal Design philosophy not only creates products that are beneficial to end users but is a sensible business model.

Today, OXO continues to be dedicated to providing innovative solutions that ease everyday tasks.

Thoughtfully yours,
OXO

- Hull and leaves are easily released with the push of a button
- Comfortable, non-slip grip
- Comes apart for easy cleaning and is dishwasher safe

719812041209 6 IN 72 OUT

11194400

Good Grips Quick Release Corer

As much as we love homemade apple pie, prepping fruit for our favorite recipe can be both tiring and tedious. Our Quick-Release Apple Corer lets you quickly and easily remove and release apple (and pear) cores – fatigue free. To use: simply line up the corer with the center of the fruit, squeeze the handle, and insert. Stainless steel teeth effortlessly pierce the fruit; give the Corer a twist to quickly remove the core. One-handed release keeps your hands clean while the soft, non-slip handle provides a comfortable grip, even when coring a bushel of apples.

greensaver™

ACTIVATED CARBON SYSTEM

ABSORBS ETHYLENE GAS

Carbon filters are filled with nooks and crannies that trap and absorb ethylene gas, slowing down spoilage and keeping fruits and vegetables fresh longer. They are made from coconut husks, making them safe, all-natural, and non-toxic!

PROMOTES AIRFLOW

The elevated basket lifts produce up and away from the bottom and sides of the container to prevent rotting, and can be removed to be used as a colander.

CONTROLS HUMIDITY

The vent on top of each Produce Keeper slides open and closed to maintain optimum humidity levels for different types of produce, keeping them crisp and fresh.

Greensaver - Storage Containers

11139900

Good Grips GreenSaver 1.6qt

- Activated carbon filter absorbs ethylene gas, is all-natural and made from coconuts
