DRINK SPECIFIC GLASS & COCKTAIL

Specific collections created to elevate the “cocktail art” as well as work of the Barman. Stemware, tumblers, and accessories: a whole collection of specific tools that combine functionality and aesthetics and enhances the creativity of the Barman Mixologists. The full range of the collections, developed in collaboration with Yuri Gelmini, Head Barman of Surfers Garden in Milan, is a vintage style combined with advanced materials (SON.hyx Superior Sound Glass and stems with Titanium Reinforced Treatment). The result is a wide range of versatile products with specific uses.

Developed and registered by Luigi Bormioli. **SON.hyx® crystal glass** is high-tech blown lead-free crystal glass that is 105% more resistant to impact.

WINE GLASS SPECIFIC

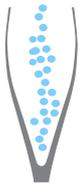

The wide selection of ranges that include stemware, stemless, carafes and decanters results in a complete offering able to meet the needs of professionals and wine tasting connoisseurs. The technical features and design of each item are a result of scientific studies and sensory analysis that emphasize the aroma, elevate the touch, enhance the taste, and allow one to appreciate the true colour of the wine; a real sensory experience. All of the items are made of lead-free High Tech Crystal Glass SON.hyx, and the stems have been titanium reinforced, a permanent anti-abrasion treatment that increases the resistance to breakages and reduces the frequency of replacements.

Developed and registered by Luigi Bormioli, **SON.hyx® crystal glass** is high-tech blown lead-free crystal glass that is 105% more resistant to impact.

Special treatment and/or accentuated epicure (indentation) create extra persistent flow of bubbles.

TITANIUM Reinforced®

The titanium difference is what sets Luigi Bormioli apart from all other glassware. The glassware stems are treated with a permanent anti-abrasion treatment that's applied directly to the glass. This unique method dramatically increases the resistance to breakages by 140%.

ATELIER

EMBODYING THE FINER THINGS IN LIFE

Created in Italy by Luigi Bormioli, the Atelier stemless glass has been designed for superior aroma diffusion. It's a graceful glass with an angled bowl for added interest and more surface for refracting light through beverages. Created with the unique proprietary SON.hyx to strengthen and keep its ultra clear brilliance thru 4,000 dishwashing cycles.

BEER COLLECTION

Each style of beer has its own organoleptic features and, for this reason, it must be served in an appropriate glass. The offer in this section, designed and created in cooperation with the Centro Studi Assaggiatori, results in a range of tumblers and stemware designed for an optimal tasting experience. The shapes and sizes of the Birrateque tumblers and stemware have been designed for specific styles of craft beer to maximise the aromas perception and taste sensations. The characteristics of the I Classici glasses enhance the perception of aromas of industrial beers produced in the world.

Developed and registered by Luigi Bormioli, **SON.hyx® crystal glass** is high-tech blown lead-free crystal glass that is 105% more resistant to impact.
