Height 97mm
Capacity 1400ml

Care and Maintenance

Hospitality dinnerware handles a heavy workload, and while our ranges are designed for such usage, some **simple steps** can be taken to **prolong the life of your products** significantly.

VS

To prevent breakage and chipping, avoid:

- Improper loading in dish racks
- Piling heavy items on lighter items
- Stacking dinnerware too high
- Nesting cups
- Lack of protective matting on floor of the dishwashing area
- High water pressure in dishwashing machine
- No rubber guards on disposal unit or dishwashing machine
- Hand-washing operation

To prevent scratches & metal marking, avoid:

- Stacking hot, wet dinnerware
- Not regularly cleaning stainless steel benches
- Overworking dinnerware

To prevent unnecessary damage or loss when stacking

- Consider the size and type of your storage space
- Never stack items that were not designed for stacking
- Never stack drag (where the bottom of the top plate can hit the top rim of the next plate in the stack)
