PVD is a decorative treatment to the surface developed for the jewellery industry. This colouring treatment is food safe and handwash only to extend the life of the piece. Applying this technique creates a radiant visual accent to the product.

Dishwasher safe products are essential for any hospitality business. Our dishwasher safe items are guaranteed to stand up against everyday commercial use rigors without compromising their original lustre or finish.

Our beautifully shaped and crafted cutlery ranges now make it easier to identify. Each piece is cleverly stamped with the range name, making re-ordering your current style effortless.
