FACKELMANN[®]
HOUSEWARES

The Perfect Blend of Power and Versatility *with* Quality That Lasts.

Vitamix machines are engineered with one thing in mind—you. They're easy to use and versatile enough to create hundreds of recipes, from hot soups to cold desserts and everything in between. Engineered for power and performance, our blenders and attachments pulverise the toughest ingredients and produce smooth blends, **day after day, year after year**. And, as the brand chefs trust, our high-performance blending products are found in homes and restaurant kitchens around the world.

The Perfect Blend of Power and Versatility *with* Quality That Lasts.

Vitamix is the best investment you can make to eat better and live better every day. Highly versatile so you can create hundreds of recipes, from hot soups to cold desserts and everything in between.

Engineered for performance and power, **Vitamix blenders last up to 10 x longer than an average blender***, pulverizing the toughest ingredients day after day, year after year.

As the brand chefs trust, Vitamix is the High-Performance blender of choice in the world's best restaurants, coffee shops, juice bars and cafes.

More than a Blender

Explore all the amazing things Vitamix can make.

SMOOTHIES AND JUICES

Effortlessly blend fibrous or frozen-solid ingredients into smoothies, fresh fruit and vegetable juice blends and frozen drinks.

HOT SOUPS

Did you know that you can make hot soup right in your Vitamix, no stove needed? The spinning blades generate enough heat to turn cold ingredients into hot soup in minutes.

FROZEN DESERTS

Make fresh fruit sorbets, yoghurts and homemade ice creams that the whole family will love in just 1 minute.

DRESSINGS AND SAUCES

Awaken your salads with silky, flavourful dressings that can double as marinades when your entrées need a kick. Or try making pesto, tomato sauce, or apple sauce in seconds.

FOOD PREP

Learn how to mince garlic, chop carrots, shred potatoes and grate hard cheeses without tedious knife work. Your Vitamix blender can do the work for you.

Precision Designed *with* You in Mind

Every Vitamix blender is designed to power through tough, whole and frozen ingredients and consistently craft precise textures from chunky to smooth.

TIDY BLENDS

Every angle of the Vitamix container is designed to create our uniquely controlled vortex, systematically folding ingredients back to the blades for faster, smoother blends.

HARDENED STAINLESS-STEEL BLADES

Our aircraft-grade stainless steel blades are designed to handle the toughest ingredients, so from the first blend to the last, you get the same quality results.

METAL DRIVE SYSTEM

Vitamix uses a metal drive system to connect the container to the motor base—allowing better blends and a longer lifespan.

COOL-RUNNING MOTOR

Our motor maintains even torque and cool temperature to consistently deliver the power you need to process any ingredient.

Vitamix *Advantage*

The unmatched performance of every Vitamix machine inspires professional chefs and home cooks to explore new flavour experiences, from healthy juice blends to savoury and dessert sauces. **It's all possible with Vitamix.**

Our comprehensive approach to engineering causes every component to work together to create the best blends in the business.

POWER

Vitamix blenders have the power to pulverise ingredients, releasing flavours and marrying them together to create better-tasting, whole-food blends.

EASE OF USE

Vitamix blenders are designed to be easy to use and easy to clean. Everything from creation to clean-up happens right in the Vitamix container.

CONSISTENCY

From the container to the motor base, Vitamix blenders are designed to produce the same incredible results day after day, and year after year.

DURABILITY

We're in the business of designing dependable, not disposable products – and it starts with our careful selection of high quality, durable materials. Vitamix Ascent and Explorian Series blenders are built by hand in the USA to last, featuring full warranties up to 10 years.

We are committed to helping every customer enjoy their Vitamix machine for years to come. That's why we're proud to offer an up to 10-Year full warranty that covers parts and performance (top to bottom, inside and out).

A special bundle including everything necessary to create consistent and healthy, wholefood meals at home.

THE VITAMIX BUNDLE INCLUDES:

A3500I BLENDER IN GRAPHITE: Combining state-of-the-art design with power and precision, the only true high-performance blenders with wireless connectivity and a system of SELF-DETECT™ containers, delivering the ultimate convenience and versatility, both at home and on the go.

DRY BLADE JUG 1.4L: The dry blade is specifically designed to blast ingredients apart, pushing them away from the blade quickly and smoothly to avoid overheating or clumping together. This results in a finer, more consistent texture, especially important for baking recipes.

600ML CUP TRAVEL CUP: Perfect for smoothies on the go

**PLACE ON
MOTOR BASE**

**FLIP AND ADD
SPILL-PROOF LID**

Blends Single Servings	Laser-Cut Blades	Dual-Purpose 600ml Blending Container
Add the convenience of a personal blender to your full-size machine and blend just the right amount to avoid food waste.	Crafted from the same hardened stainless steel as Vitamix® full-size containers, these durable blades deliver better performance and longer life.	The blending container doubles as a travel cup with spill-proof lid, making it easy to take blends on the go.

Leak-Proof Seals	Dishwasher-Safe Components	BPA-Free, Double Insulated Material
Two interchangeable seals work with the flip-top lid & base to prevent leaks and spills.	The cups, lids, adapter, and seals are top rack dishwasher safe, making clean-up quick and easy.	The BPA-Free, double insulated material maintains your blend's cold temperature for maximum enjoyment.

EXPLORIAN
**Containers and
Accessories**

A container for every blend

Whether you want to grind whole grains or make your morning smoothie to go, there's a container for you. Mix and match containers for a personalised blending system that takes your culinary skills to new heights.

BETTER BLENDING

Tips & Tricks

- Did you know that most people do not blend their ingredients long enough? To ensure the highest blend quality, make sure to time your blends! If you have a Vitamix machine with programs, use the pre-programmed settings when possible.
- For a sweeter taste, try using frozen fruit in your blends. Frozen fruit is usually sweeter than fresh fruit because it is picked at peak ripeness. When using fresh fruit, use in-season local fruit at its optimal ripeness.
- Don't be afraid to use the tamper! The tamper helps push ingredients toward the blades for optimal results, especially with frozen desserts, tough blends, and grinding.
- When you begin blending, start with blends that incorporate your favorite fruits and veggies to ensure you will like the taste. As you become more adventurous and get used to the taste of vegetables/greens in your blends, try to aim for a 50/50 ratio.
- The five tastes are sweet, sour, bitter, salt, and umami (aka savory). Try adding one of the five tastes to increase flavour. Acidity, spices, and herbs can boost flavour and also have added health benefits.
- You've heard the saying, "you eat with your eyes." If your food looks appetising, then your food experience will be better.

Design your own smoothie

Mix and match the ingredients you have on hand to find your new favourite smoothie recipe. This is a simple way to add more nutritious colour to your diet and use ripened produce before it goes to waste.

Choose 1 Liquid:

- 1 cup dairy or plant based milk
- 1 cup yogurt
- 1 cup fruit juice
- 1 cup water
- 1 cup coconut water

Choose 2 Fruits & Vegetables:

- 1 apple
- 1 carrot
- 1 cup strawberries
- 1 cup peaches
- 1 cup blueberries
- 1 cup mango, peeled
- 1 cup grapes
- $\frac{3}{4}$ cup papaya, peeled
- 1 orange, peeled
- 1 pear
- 1 cup melon, peeled
- 2 stalks celery
- 1 cup pineapple
- 1 kiwi, peeled
- 1 banana, peeled
- $\frac{3}{4}$ cup cucumber

Choose 1 Green:

- 2 cups spinach
- 1 cup kale
- $\frac{3}{4}$ head of cos lettuce
- $\frac{3}{4}$ cup raw broccoli
- 1 small head of green lettuce

Blend

- Place all your ingredients and 1 cup ice cubes into the container in the order recommended and secure lid.
- Select Variable 1.
- Start the machine, increase to its highest speed, and blend for 50 seconds.
